## The 6 steps to finding a lens

This lens guide has been put together to assist you to find a suitable lens for your own genre of photography. The guide needs to be followed with the online 6 step digital lens guide.

Please read each step carefully before ticking the boxes. Once you have narrowed down your search criteria. Then all you will have to do is find the lens that is the closest match.

This 6 step process is a procedure being used by photographers to simplify and compare lenses in the market.

If you require assistance or would like to attend one of our Glamour-Photography workshop.
